Work experience

Co-founder and head technology
Sizebuddy | 2022 – current

Clothing size prediction webtool. I am Responsible for the development of the tool and its integration in e-commerce platforms. Together with 2 students from Nyenrode, I am building up the underlying company.

Student-assistant and event organiser
Department Computer Science and Mathematics of the TU-Eindhoven – https://tue.nl | 2020 – current

2020 - Now: Student mentor for first year students and career orientation event organiser for master students.
2021: SCRUM student assistant DBL Webtech+HTI
2022: Student assistant Provable Programming

Founder
Palbum – https://palbum.app | 2020 – current

Social media platform for sharing photos in groups. Fully coded by me in Flutter and released on iOS and Android. The app has been tested at a festival, and together with 2 friends I participated in the TU/e Contest, in which companies from the Brainport Eindhoven guide us in developing a company.

Founder
Calendar Clock – https://calendarclock.app | 2019 – current

Dayclock application for people with dementia, built entirely upon user suggestions. Fully coded by me in Flutter and released on iOS, Android, and Android TV. The dementia centre of the TU Eindhoven guided me as well.

Founder
Gebakplaats – www.gebakplaats.nl | 2019 – current

Platform for hobby bakers. Fully coded by me in PHP. Besides this, me and my mother started a collaboration with several Voedselbanken (food banks) such that kids of underprivileged families can get free cake on their birthdays.

IT-expert
Student aan Huis - https://www.studentaanhuis.nl | 2018 – 2021

Help for people with IT related problems. Both at their homes as via an online connection at the company headquarters.

Administrative work

UMC Utrecht - https://www.umcutrecht.nl | Jul – Aug 2018

> Data processing required due to a change in the administrative systems in the hospital.

Bookstore employee

Bilthovense boekhandel - https://libris.nl/bilthoven | 2016 – 2017

> All occurring work e.g.: Cashiering, providing audio-visual support at book presentations, and administrative work (checking receipts and bookkeeping the book supply).

Education

BSc – Computer Science and Engineering

Technical University Eindhoven | 2019 - current

VWO – Economy and Society (Cum Laude)

Het Nieuwe Lyceum, Bilthoven | 2013 - 2019
Du (8), En (9), Ma A (9), Ge (7), Ec (8), Hi (7), Bu (8)
